

# Anniversary Prayer

by Angie

Oh let my Rose be safe, I pray  
Who binds my heart through night and day  
Please let her world treat kindly she  
Who I must wait for night to see

When we meet, may soft as doves  
Be the wordless hours we love  
Let our stories and embraces  
Gift us pleasures of the Graces

Please never let us dream apart  
While our bond unites our hearts  
Make our love strong, to never quail  
Though Fate be hard, we shall not fail

If we're apart by miles or time  
Let not our love be left behind.  
Lastly, when we die at last  
Move us together from the past
