

# MEMORIES

by Anne Rideout

*The light of our lives is gone. We only have  
Shadows ... memories of what might have been. Please  
Relight the 'stars' make them shine once again,  
Make our dreams reality.*

*We found a cause, a love more powerful than anything that  
Was ever dreamed of, not a reality in the 'real' world but  
Something that touches the best in all of us.*

*An impossible love that transcended boundaries and  
Became real to all of us. Catherine and Vincent*

*Were part of us, every step, every look and touch*

*Every word will be remembered. No script was  
Ever written with such emotion ... no viewer was ever  
Touched more deeply. No loss was ever*

*Felt more heartbreakingly ... Please do all in your  
Power to bring this love back to us. Love and faith*

*Can move mountains.*

*BEAUTY AND THE BEAST*

*'Death hath no dominion'*
