

# Baby It's Cold Outside

*(Catherine & Vincent Style)*

(Filk - Duet)

by Jennifer Thompson

I really can't stay - Baby it's cold outside  
I've got to go away - Baby it's cold outside  
This evening has been - Been hoping that you'd drop in  
So very nice - I'll hold your hands, they're just like ice  
Mary will start to worry - Honey, what's your hurry  
And Father will be pacing the floor - Just listen to the fireplace roar  
Now really I'd better scurry - Sweetheart, what's your hurry  
Well maybe just a half a drink more - Just light a few more candles while I pour  
All the tunnel dwellers might think - But baby, it's bad out there  
Say, what's in this drink - No trains to be had out there  
Oh I wish I knew how - Your eyes are like starlight now  
To break this spell - I'll take your cloak, your hair looks swell  
I ought to say no, no, no, Catherine - Mind if I move a little closer  
At least I tried - What's the sense in hurting my pride  
I really can't stay - Baby don't hold out  
Ohh, but it's cold outside  
I simply must go - Baby, it's cold outside  
The answer is no - But baby, it's cold out there  
Oh this welcome has been - So happy that you dropped in  
So nice and warm - Look out the window at that storm  
Mouse will be suspicious - God, your lips look so delicious  
Pascal will be at the pipes... But you look so nice  
Oh William's mind is vicious - Oh baby you're so delicious  
Well maybe just one little kiss more - Never such a blizzard before  
Oh this will get me in danger - You'll freeze out there  
Say, I've got to get to my chamber - It's up to your knees out there

You've really been grand - I swell when you touch my hand  
But don't you see - How can you do this thing to me  
Oh, there's bound to be talk tomorrow - Making my lifelong sorrow  
Well at least there will be plenty implied - If you caught pneumonia and died  
But I really can't stay - Get over that old out  
Baby it's cold outside  
Hey, I gotta get out of here  
Come on Vincent.  
Yes Catherine?  
Just five minutes more...  
Okay, I'll stay
