

ODE TO BEAUTY

by Katrina Relf

I love everything about you,
From your head down to your toes,
But the thing that really turns me on
Is that lovely furry nose.

There's not one thing that I would change,
It's all beyond compare,
Those shoulders broad, those hips so slim,
That lovely golden hair.

That husky voice, so soft and warm,
And oh, those blue, blue eyes,
Those legs so long, those arms so strong,
That gorgeous pair of thighs.

So wrap your arms around me
And hold me really close,
And let me stroke the part I love,
No, Vincent, not your nose!!!
