

Memory to Reality

by Angie

Catherine and Vincent were browsing through her old photo album. One series, taken at the Central Park ice rink, showed Catherine in a fancy skating costume.

Catherine giggled. "I had just read 'Hans Brinker or the Silver Skates' * and had to have this outfit."

Vincent rose quickly to rummage in a drawer. He triumphantly brought a small object back to Catherine.

She gasped at the perfect figurine.

"Why, it's from a music box! And it has the magnet!"

"Yes. Shall I?"

"Oh Vincent! Please."

He placed it on top of the metal plate holding his magnet treasure collection.
