

Beauty and the Beast Tidbit (100 words)

by Angie

Safe secret

Catherine prepared a secret recipe that Jenny had browbeat from a chef.

She sautéed red onions in olive oil, red wine vinegar and sugar. Then she sliced brie and ripe pears, then layered everything onto a pizza crust, sprinkled it with cinnamon sugar and put it in the oven.

The smell made Vincent drool.

Finally, Catherine served it and waited. Eyes closed, Vincent savoured it. Finally, he spoke.

“Catherine, it’s exquisite.”

She told him the story and he chuckled.

“Does Jenny browbeat you for secrets?”

“My recipes aren’t worth it,” Catherine smiled.

Vincent said nothing, but took a larger bite.
