

Calling Me Home

by Jodie Boyle

When I am happy
You share in my joy
When sorrow finds me
I seek your company
Cry in your arms

When in danger
Our Bond alerts you, brave Angel
And you fly to my side

I can't go on
Your strength
Gives me the will to keep going

When I am lost
You are my candle in the night
Guiding my steps
Calling me home

When I am weary
I rest my heart against your heart
Hold you close..
And know all is right with the world
