

# Carry The Light

by Jodie Boyle

All in darkness  
Gloom and shadows  
Fear and sadness  
Deepest night

A candle flickers  
Faces in the shadows  
That small light  
Bringing comfort

More small flames  
Candlelight showing dear friends  
Now is the time to celebrate

Winterfest –  
Dancing, music, dining and laughter  
No room for despair  
Hugs, kisses  
Connecting to each other

One by one the candles go out  
Don't be sad  
In the darkness there is hope  
There is fire in each of us  
Til next year...  
Carry the light
